

MALTA EXPRESS SPECIALISTS

WHO WE ARE

Quick Turtle is a Polish transport and freight forwarding company specialising in express road transport between Malta and other EU countries.

WHAT WE DO

In short, we respond to customer's needs and we are happy to do it.

WHY US

Because our goal is to impress customers and partners with our reliability, timeliness of deliveries and unbelievably short transit times.

TRANSPORT OFFER

1

Express road transport services to and from Malta (groupage express* and dedicated express)

2

Delivery management (single and multiple)

3

Transport project management (up to 100 tons)

4

Professional assistance in complex projects (special vehicles for urgent and substantial consignments)

5

Regular routes (at least 5 arrivals & departures to/from Malta weekly)

6

Logistic centers in Poland and in Malta

* Groupage express - a new service with a great price to value ratio. By combining several express orders, we can still guarantee a short delivery time but at a lower price. Great value for money with project and/or production supply services.

OUR ATTITUDE

- We treat every request individually to find the best solution for the customer, based on our knowledge and experience
- Focus on quality and timeliness of deliveries with full dedication to the client
- Constantly strive for improvement
- Co-operation with only the best and proven contractors
- Always can-do attitude with full commitment of the team to provide the highest quality service

SAFETY

- 1 Very rigorous procedures regarding transport documents and cargo security
- 2 24/7 GPS fleet tracking and permanent communication with drivers
- 3 Emergency procedures plan in place to quickly and effectively address any situation that might have any impact on the timely delivery or goods safety

We have developed a quality system to ensure the highest standard of the services provided. Both the quality system based on ISO 9001:2015, as well as the Good Distribution Practice (GDP) system are presently and periodically verified and certified by an independent certification body TÜV NORD.
